60 Each proposal must be signed by the individual or firm making it,
and must specify a price—and but one price—for each and every article contained in the sphedule, and those for paper must be accompanied by sufficient samples of each article to enable the department
to judge and make selection. Should any articles be required not enmerated, they are to be furnished: a the lowest market prices, according to quinty. Blank forms for proposals will be furnished at the
department to persons applying for them; and as, without unformity
therein, the department would find it difficult to make a decision,
none will be taken into consideration unless substantially agrecing
therewith.

The proposals to be addressed to "the Department of State," and en-

performance.

The bast of the department is in all cases to decide whether the terms of the contract have been complied with, and to reject any articles which may be, in his opinion, of inferior quality, as well as to annul the contract upon any failure to comply with the terms within a reasonable time.

May 28—law4w

[No. 606.]

Sales of Public Lands. Sales of Public Lands.

In pursuance of the provisions of the 3d section of the act entitled "An act to authorize the President of the United States to cause to be surveyed the tract of land in the Territory of Minnesota belonging to the half-breeds or mixed bloods of the Dacottal or Sienx nation of Indians, and for other purposes," approved July 17, 1864, it is hereby declared that public sales will be held, as made known in the notice of postponement, dated February 20, 1888, at the undermentioned land offices in the State of Minnesota, at the periods hereinafter designated, to wit:

At the land office at Hexessucos, commencing on the sixth day of Soptember next, for the disposal of the vacant public lands situated within the following named townships and fractional townships in the late reserve for the half-breeds or mixed-bloods of the Dacotah or Sioux nation of Indians, viz:

PILING, &c., AT THE BROOKLYN NAVY-

NATY DEFENDENT,
Bureau of Yards and Docks, June, 1888.
Scaled Proposals will be received at this Bureau until 12 o'clock, m., twentieth day of June, instant, for excavating and piling for Marine Berracks at the Brooklyn Navy.yard.

PROPOSATION

All the necession

All the necession

PROPOSATION

ms, twentisth day of June, incland, for excavating and piling for Marine Berracks at the Brockiyn Navyyard.

All the necessary executations for the foundation walls of the buildings are to be made in the following manner, viz: a ditch 5 test wide at the bottom is to be such to the depth of 2 feet below high water mark, with sizes of proper slope to prevent slipping. The probable amount of earth in he moved is some 25,000 cube spring, and after they are built, shall be deposited on such agot convenient to the site as the commandant of the yard may solect; the balance to be distributed over the grounds for the purpose of grading in such manner as may be directed by the commandant.

Filing: The number of piles to be driven for the foundations of the buildings will be seened 2000; these will be furnished by the government at the epot where they now lie, in the basin on Block island, and are to be removed from thomes by the sontractor at his own expense. They are to be driven under all the walls of the buildings in two rows, three feet from centers, and the piles three feet from centers in the rows. The depth to which they are expected to pendrate is from 25 to 20 feet, but they must, in all cases, be driven until a hammer weighing not less than one too, and brilling 50 feet, will not move them more than one hole, and to they were all the right and a properly pointed, and the heads secured by ir, a bands while driving. The copping will be curnicled by the government, but rount be

properly pointed, and the heads secured by it a bands while diriting. All the piles are to be ent off at two fest below high water mark, and properly trimated to receive the capping.

The capping will be turniched by the government, but must be moved at the contractor's expense, and properly fitted and secured to each pile by an oak or locus treatal, not less than 15, inches in distanced and 20 inches long; the top of the capping is to be brought to a fair and even surface to receive the foundation stone.

All the reduce ide heads and other materials shall be slowed away upon the ground in such places as the commandant may direct, for the use of the gav examents.

One siscent pile driver will be loaned by the government to the contractor, who will pay all the expense of working the same, and return it in good order when the work is completed, or smoone, if required. The whole to be done in a good, lathful, workmanilke manner, to the authorition of the commandant of the yard, and to be completed within the encountry of the property of the property of the contract.

A plan of the buildings may be seen at the office of the commandant of the yard, and to be conjected, who will give any further information desired.

Beldows must state the grice for the whole work complete. Fayment will be made on montally estimates of the superintendent, precibled the work progresses in propertion to the interallowed to complete the reserving twenty per cent, on each bill, till completion.

Unless the bias, which may be received under this advertisement, chall be fully satisfactorily to the department, it reserves the right to reject them.
